Case Summary: Respondent practiced chiropractic medicine at the Yang Health Center at 10640 North College Avenue, in Carmel, Indiana, from January 1, 2003 through January 23, 2006. Respondent owned the Yang Health Center and practiced with Dr. Hong Shao ("Dr. Shao"), a chiropractor, who is also the Respondent's brother. Dr. Shao worked full time, while the Respondent worked two (2) days per week or ten (10) hours per week. Respondent provided acupuncture services and acupuncture services were the primary services being provided at the Yang Health Center by the Respondent and Dr. Shao. Respondent billed health care benefit plans including Anthem, Inc., United Health Care, and Medicare for acupuncture services using chiropractic codes that did not cover acupuncture services. On or about January 16, 2007, Respondent was charged with Health Care Fraud, in the United States District Court, Indianapolis Division, in violation of 18 U.S.C. § 1347. On or about January 16, 2007, Respondent entered into a written plea agreement with the United States Government for a violation of the Health Care Fraud Act, in violation of 18 U.S.C. § 1347. On or about April 3, 2007, the United States District Court of the Southern District of Indiana accepted the Respondent's plea of guilty to health care fraud, in violation of 18 U.S.C. § 1347. From approximately January 1, 2003 through January 23, 2006, the health care benefit plans paid \$187,369.99 to the Yang Health Center and were billed improperly. Because the Respondent received less of the proceeds than Dr. Shao, the United States Government considered her to be a minor participant. Respondent received only twenty (20) percent or less of the reimbursement paid to Yang Health Center. Respondent was sentenced to a term of probation for a period of three (3) years. Respondent was held jointly and severally liable to pay \$187,369.99 of restitution to Anthem, Inc., United Healthcare, and Medicare. Although Respondent was only responsible for and only received a portion of the funds received that were improperly billed to Anthem, Inc., United Healthcare, and Medicare, she has paid the full amount of restitution. Additionally, Respondent paid a total of \$6,715.41, which represented settlement for a False Claims Act with the Civil Division.

Ms. Johnson and Mr. Voyles presented the Board with a proposed settlement agreement whereby the Respondent's license will be placed on Indefinite Suspension with the following terms and conditions:

1. Respondent's Indiana chiropractic license shall be placed on indefinite suspension. Respondent shall not be permitted to seek reinstatement of her Indiana chiropractic license for a period of two (2) months from the date of execution of the Final Order.

If after a hearing, pursuant to Indiana Code § 25-1-9-11, the Respondent has met her evidentiary burden and the Board is satisfied that the Respondent can practice as a chiropractor with "reasonable skill and safety to the public," the Respondent's license shall be placed on indefinite probation. Respondent may not seek withdrawal of the probationary status of her license for a period of three (3) years from the date of the execution of that Final Order.

3. During the Probationary Period, Respondent's chiropractic license shall be governed by the following TERMS and CONDITIONS:

- a. Respondent shall keep the Board apprised of her home address, mailing address and residential telephone number at all times;
- b. Respondent shall keep the Board apprised of her place of employment, employment telephone number, and name of her supervisor at all times;
- c. Respondent shall keep the Board informed of her occupation, title, and work schedule, including the number of hours worked at all times;
- d. Respondent shall utilize an outside billing service for all non-cash payments for the duration of the probationary order;
- e. Respondent and pertinent staff shall take a coding seminar during the first six (6) months of the probationary period and provide proof of the same to the Indiana Professional Licensing Agency;
- f. Respondent shall make personal appearances before the Board on a quarterly basis;
- g. Respondent shall present at her probationary appearances an affidavit attesting to the fact that she is in full compliance with both her federal and the probationary order of the Board;
- h. Respondent shall complete fifteen (15) hours of Continuing Education at her own expense in the area of billing practices during the first year of probation. These continuing education units shall be in addition to the continuing education units required for maintaining her licensure in the State of Indiana. Proof of completion of the fifteen (15) hours of continuing education shall be submitted to the Board in care of the Professional Licensing Agency;
- i. Respondent shall perform four (4) hours of community service for each month of probation. Respondent shall submit proof of completion of community service to the Board on a quarterly basis in writing; and
- j. Respondent shall comply with the Terms and Conditions of her Federal Probation during the probationary period.

4. It is further ORDERED that:

- a. any information received by any other regulatory agency that indicates non-compliance with the statutes or regulations regarding the competent practice of chiropractic medicine; or
- b. a violation of the Final Order;

may result in the State requesting an emergency suspension of Respondent's license, as well as possible reinstatement of the initial action giving rise to this resolution, an Order to Show Cause as may be issued by the Board, or a new cause of action being filed pursuant to Indiana Code § 25-1-9-4(a)(10), any or all of which could lead to additional sanctions, up to and including a revocation of Respondent's license.

B. Jeffrey W. Allen, D.C.
Re: Renewal of License

Dr. Allen submitted his renewal and request for a hardship waiver of the continuing education requirement for the July 1, 2004 – July 1, 2006 renewal period. Dr. Allen explained that he has had a series of strokes which started in March 2006 but has continued to practice periodically. He also submitted letters from his doctor attesting to his medical problems. Ms. Vaught made the Board aware that a tax hold is showing on his license as well. The Board was concerned about his statement that he has continued to practice on an expired license and they did not feel a waiver of the continuing education can be granted since his problems developed only a few months prior to the expiration of the license and he failed to do any continuing education in the previous year and a half of the biennium. The Board requested Ms. Vaught to write a letter and explain the following:

- 1) In the state of Indiana a practitioner may not practice on an expired license.
- 2) He must settle his tax hold with the Department of Revenue. (Practitioners are not eligible for renewal with a tax hold.)
- 3) He would be required to personally appear before the Board in order to consider his request for renewal and waiver of the continuing education requirement.

C. James Hollem, D.C.

The Board reviewed a letter from Dr. Hollem expressing his frustration and disappointment with the discipline he received from the Board following a continuing education audit.
